

**Advanced Care Paramedic (ACP) or Intermediate Care Paramedic (ICP)  
Medevac Flight Division  
Full-Time (13 days on/off rotation) and Casual Positions**

**Missinippi Airways** provides Basic Air Ambulance services throughout Northern Manitoba and occasionally Nunavut. We operate out of (3) strategically located bases and are responsible for providing excellent and safe patient care during inter-facility transport. We operate our Medevacs from King Air 200 fixed wing aircrafts. Missinippi Airways is very proud to be an exclusively First Nations owned and operated air service, situated in northern Manitoba.

**Responsibilities:**

- Assess the extent of injuries or illness to determine medical treatment based on established guidelines and policies.
- Provide cardiac monitoring, EKG interpretation, manual cardiac defibrillation and external pacing.
- Initiate, monitor and maintain blood and blood product transfusions.
- Provide ante-partum, deliveries and post-partum care
- Provide pediatric care
- Perform and interpret diagnostic procedures such as vital signs, lab values, ABGs/VBGs.
- Attend educational opportunities and maintains all necessary certifications and licensing.
- Maintain patient confidentiality and respect at all times.
- Practice active listening, interviewing, accurate holistic triage, and problem solving in a dynamic environment
- Practice effective communication and team work with pilots, health care team members and other external groups/ agencies to ensure medevac operations are performed effectively and efficiently.
- Ensure on-time performance as it relates to chute time requirements.
- Ensure medical equipment is functional and present to ensure operational readiness at all times.
- Identifies questionable patient status and procedures. Seeks guidance as necessary, reporting to the Chief Flight Nurse, Medical Director and Operations Manager as necessary.
- Ensuring safe transportation of patients from northern communities utilizing a variety of different vehicles (Helicopter, Plane, Hovercraft, Boat, Van, winter road travel as deemed safe by the RCMP and communities).
- Follow all policies, wears required PPE and ensures aircrafts are properly disinfected between patient transports.
- Must be able to provide non-judgmental care, possess a calm demeanor, and the ability to maintain professionalism at all times

**Qualifications:**

- Must reside in Winnipeg MB, or be willing to relocate (The Pas residency will be considered).
- Current Advanced Care Paramedic (ACP) or Intermediate Care Paramedic (ICP) registration with Manitoba EMS.
- Current Aeromedical Licensure, (a recently submitted Aeromedical licensing package with intent of successful licensure will be considered).
- Minimum 2 years experience as an ICP or ACP; working in a high call volume area.
- Previous experience in the Aeromedical practice environment is an asset.
- Current certification in BCCLS, ACLS, PALS, ITLS, NRP, ACORN.
- Current Medical, Immunization records with current N95 mask fit testing.

- Provide a valid Driver's License and up-to-date Driver's Abstract
- Provide a valid Police Records Check in the Vulnerable Sector and Manitoba's Child Abuse Registry.

**Working Conditions:**

- Coverage for all holidays is required
- Coverage on-call 24/7 when on shift.
- Maintain required certifications and licensing, practice within scope/licensure/delegations safely and competently.
- Willingness to work and reside in staff accommodations in rural Manitoba provided by Missinippi Airways.
- Willing and able to work in various and extreme weather conditions during transport process.
- Ability to lift, load and secure patients, equipment and baggage.
